

《全球健康与全健康》课程教学大纲（2020 版）

课程基本信息 (Course Information)					
课程代码 (Course Code)	MED1308	学时 (Credit Hours)	32	学分 (Credits)	2
课程名称 (Course Name)	(中文) 全球健康与全健康				
	(英文) Global Health and One Health				
课程类型 (Course Type)	必修课 Compulsory course				
授课对象 (Target Audience)	全体本科生, 医学生必修 All undergraduate students. Compulsory for medical students.				
授课语言 (Language of Instruction)	中文, 英文 Chinese and English				
开课院系 (School)	上海交通大学医学院—国家热带病研究中心全球健康学院 School of Global Health, Chinese Center for Tropical Disease Research, Shanghai Jiao Tong University School of Medicine				
先修课程 (Prerequisite)	通识课程, 人文社会科学课程, 公共基础课程 Liberal arts, humanities and social sciences courses	后续课程 (following-up courses)	专业课 Specialized courses		
课程负责人 (Leading Instructor)	周晓农	课程网址 (Course Website)	https://mooc1-1.chaoxing.com/mycourse/teachercourse?moocId=218236587&clazzid=42380306&edit=true&v=0&cpi=68567411&pageHeader=0		
课程简介 (中文) (Description)	<p>《全球健康与全健康》是医学类专业本科生必修课程, 共 32 学时, 2 学分。课程内容包 括新兴的全球健康学与交叉学科全健康学科两部分, 全球健康主要论述了全球健康的概念 与体系, 传染性疾病、非传染性疾病、突发事件与全球健康、妇幼和老龄等特殊人群的全 球健康问题, 以及全球健康发展援助与全球健康治理等; 全健康重点阐述了全健康 (One Health) 理念和全健康科学、技术和治理体系, 以及在健康治理中的实践和应用。</p> <p>通过对本课程的学习, 学生可系统而全面地增强对世界范围内主要健康问题的认知, 包括对因种族差异、地域差别、贫富不均等所引起的不平等与不公平的健康问题的认识, 以及为应对这些健康问题的挑战而需要开展的跨学科、跨部门、多行为体参与的健康治理 的认识, 从而提升学生的全球视野、多元文化适应能力和应对重大复杂问题的处理能力。</p>				

<p>课程简介 (英文) (Description)</p>	<p>Global Health and One Health is a compulsory course for undergraduates majoring in medicine, with 32 hours and 2 credits. The course covers common and contentious issues in global health and one health. Global health mainly includes the concepts and systems of global health; communicable diseases, non-communicable diseases, emergencies and global health, and the global health of special populations such as women, children and old age; factors affecting global health, the impact of science and technology on global health, global health development assistance and global health governance, etc. One health focuses on the concept of one health sciences, technology and governance system, as well as the practice and application in health governance.</p> <p>By learning this course, students can systemically and comprehensively enhance the understanding of the major health problems worldwide, including the understanding of the health problems of inequality and unfairness because of racial differences, regional differences, inequality between the rich and the poor, as well as the understanding of interdisciplinary, cross-sectoral and multi-factors health governance that need to be carried out to meet the challenges of these health problems, so as to enhance students' global vision, multicultural adaptability and ability to deal with major and complex issues.</p>
<p>课程目标与内容 (Course objectives and contents)</p>	
<p>课程目标 (Course Object)</p>	<p>课程通过多形式教学模式、多教学资源支撑、思政贯穿专业学习、创新实践项目辅助,从价值引领、知识探究、能力建设、人格养成四个方面培养学生,以支撑“有灵魂的卓越医学创新人才”培养总目标。</p> <ol style="list-style-type: none"> 1. 描述全球健康和全健康的基本概念、基本理论、研究方法和技术。 2. 学以致用,知行合一,能利用全球健康和全健康知识与方法解决健康领域的真实问题,能应用全球健康和全健康治理理论解决实际问题。 3. 应具备敏锐的国际视野,能从人文科学、社会科学、自然科学等交叉学科视角思考健康问题,增强管理、组织、领导与沟通协作能力。 <p>The course trains students from four aspects: value guidance, knowledge exploration, capacity building, and personality development through the support of multi-form teaching models, multi-teaching resources, ethical and political education through professional learning, and innovative practice projects to support the total goal-"excellent innovative medical talents with soul".</p> <ol style="list-style-type: none"> 1. Describe the conceptual content, basic theories, research methods and technologies of global health and one health. 2. Combine knowledge and theory with practical application, use knowledge and methods of global health and one health to solve real-world problems in the field of health, and can apply global health and one health governance theories to solve practical problems. 3. Should have an international perspective, be able to think about health issues from the perspective of interdisciplinary humanities, social sciences, natural sciences, etc., and enhance management, organization, leadership, and communication and collaboration skills.
<p>学习目标 (Learning Objectives)</p>	<p>1 全球健康导论 1 Introduction of global health</p> <p>10101 描述全球健康的概念与特征和影响全球健康发展的决定性因素 10101 Describe the concept and characteristics of global health and the determinants of global health development</p> <p>10102 认识全球健康的作用与面临的挑战,特别是发达国家与发展中国家间的健康公平问题 10102 Understand the role of global health and the challenge, especially between developed and developing countries health equity issues</p>

<p>10103 了解全球健康的产生与发展和全球健康的框架和应用</p> <p>10103 Know the emergence and development of global health, the framework and application of global health</p> <p>10104 分析国家政策干预对国民健康及国家经济发展的影响程度</p> <p>10104 Analyze the extent to which national policy interventions affect national health and national economic development</p> <p>20101 掌握全球健康发展与全球健康治理的实践要求与主要技能</p> <p>20101 Master the practical requirements and key skills of global health development and governance</p> <p>20102 比较各国全球健康体系的分类与分析方法</p> <p>20102 Compare the classification and analysis methods of global health systems in different countries</p> <p>30101 明确医学生促进全球健康发展的使命与责任</p> <p>30101 Clarify the mission and responsibility to promote global health as a medical student</p> <p>30102 了解中国在全球健康领域对联合国千年发展目标的责任,增强爱国精神与国际情怀</p> <p>30102 Understand China's responsibilities to the UN Millennium Development Goals in global health, and enhance patriotism and international sentiment</p> <p>2 全球健康研究方法: 疾病负担</p> <p>2 Global health research methods: burden of disease</p> <p>10201 阐述疾病负担的基本概念与框架和人群健康测量的基本原理</p> <p>10201 Describe the basic concepts and framework of disease burden and principles of population health measurement</p> <p>10202 明确 One Health 的理念</p> <p>10202 Describe with the concept of One Health</p> <p>10203 了解全球疾病负担项目的进展, 艾滋病、结核病、疟疾和被忽视的热带病的疾病负担变化</p> <p>10203 Know about the progress of the Global Burden of Disease project and the changes in the burden of AIDS, tuberculosis, malaria and neglected tropical diseases</p> <p>20201 分析全球疾病负担评价指标伤残调整寿命年的基本计算方法</p> <p>20201 Analyze the basic calculation methods of disability-adjusted life years for global burden of disease assessment indicators</p> <p>20202 明确人群健康综合测量的方法和指标</p> <p>20202 Describe the methods and indicators of comprehensive population health measurement</p> <p>30201 比较分析全球疾病负担, 从全球的视野认知疾病的危害</p> <p>30201 Compare and analyze the global burden of disease and recognize the harm of disease from a global perspective</p>

	<p>30202 应用和实践疾病负担测量方法，增强疾病控制的责任感和使命感 30202 Apply and practice disease burden measurement methods to enhance the sense of responsibility and mission of disease control.</p> <p>3 现场流行病学方法：监测与控制 3 Field epidemiology methods: surveillance and control</p> <p>10301 解释疾病监测和疾病控制的概念和作用 10301 Explain the concept and role of disease surveillance and control</p> <p>10302 比较疾病监测和疾病控制的分类 10302 Compare the classification of disease surveillance and control</p> <p>10303 明确疾病监测的步骤和《中华人民共和国传染病防治法》内容 10303 Describe the procedures of disease surveillance and the contents of the Law of the People's Republic of China on the Prevention and Treatment of Infectious Diseases</p> <p>10304 评价疾病监测系统 10304 Evaluate of the surveillance system of diseases</p> <p>20301 描述疾病监测数据的基本处理方法 20301 Describe the basic processing methods of disease surveillance data</p> <p>20302 认识疾病监测和控制文献的获取 20302 Understand the access to disease surveillance and control literature.</p> <p>30301 能从全球健康的角度理解疾病监测和控制意义，掌握疾病监测和疾病控制的逻辑思维 30301 Understand the implications and significance of disease surveillance and control from a global health perspective, and have the logical thinking of disease surveillance and control</p> <p>30302 认识健康公平的意义 30302 Recognize the meaning of health equity</p> <p>4 全球热带医学与热带病控制策略 4 Global tropical medicine and tropical disease control</p> <p>10401 解释热带医学学科的发展特征和影响全球热带病控制策略的关键因素 10401 Explain the developmental characteristics of tropical medicine and the key factors influencing global tropical disease control strategies</p> <p>10402 认识全球热带医学发展的挑战，特别是发展中国家热带病流行对全球健康公平服务的影响 10402 Understand the challenges of global tropical medicine development, in particular the impact of the tropical disease epidemic in developing countries on equitable global health services</p> <p>10403 描述热带病在全球的分布与传播趋势和全球热带病防控策略的制定程序 10403 Describe the distribution and transmission trends of tropical diseases globally and the formulation process of global tropical disease control strategies</p>
--	---

	<p>10403 Describe the global distribution and transmission trends of tropical diseases and procedures for the development of global tropical disease prevention and control strategies</p> <p>20401 了解全球热带医学的发展路径与面临的挑战,推进热带医学发展的动力与研究热点以及全球热带病进展及评估方法</p> <p>20401 Understand the development path and challenges of global tropical medicine, the driving forces and research hotspots of tropical medicine development, and the progress and assessment methods of global tropical diseases</p> <p>20402 比较分析掌握各国热带病分布的差异及对各国经济发展的影响</p> <p>20402 Compare and analyze the differences in the distribution of tropical diseases and their impact on national economic development</p> <p>30401 认识全球热带医学发展史,增强学生创新的科研思维和研究重点领域设定的战略性思考方式</p> <p>30401 Understand of the history of tropical medicine in the world to develop innovative thinking in scientific research and strategic thinking in key research areas.</p> <p>30402 了解我国热带病控制现状及全球热带病防控进程的贡献,强化爱国意识</p> <p>30402 Understand the current status of tropical disease control in China and contribution to the global tropical diseases prevention and control process, and strength patriotic awareness</p> <p>5 全球突发传染性疾病</p> <p>5 Global emerging infectious diseases</p> <p>10501 解释全球突发传染病的概念与特征、影响因素与防治策略</p> <p>10501 Explain the concept and characteristics of global infectious disease outbreaks, influencing factors and prevention strategies</p> <p>10502 描述突发传染病对国民健康、国家经济发展与全球的影响</p> <p>10502 Describe the impact of infectious disease outbreaks on national health, national economic development and the world</p> <p>10503 认识突发传染病曾带来的全球灾难性生物风险事件</p> <p>10503 Understand the catastrophic biological risk events that have occurred globally due to infectious disease outbreaks</p> <p>20501 明确突发传染病的防控基本思路</p> <p>20501 Describe the basic ideas of prevention and control of infectious diseases</p> <p>20502 分析人类文明发展史与传染病斗争史的辩证关系</p> <p>20502 Analyze the dialectical relationship between the history of human civilization and the history of the struggle against infectious diseases</p> <p>30501 了解突发传染病引起全球灾难性生物风险事件,明确医学生责任意识与使命担当</p> <p>30501 Understand the global catastrophic biological risk events caused by infectious diseases, and clarify sense of responsibility and mission as a medical student</p>
--	---

	<p>30502 明确传染病病因、影响因素与防治策略，强化科学思维与创新意识 30502 Describe the etiology, influencing factors and prevention strategies of infectious diseases, and enhance scientific thinking and innovation consciousness</p> <p>30503 了解我国在突发传染病防控中的贡献与成就，增强民族自豪感 30503 Understand China's contribution and achievements in the prevention and control of infectious diseases outbreak , and enhance national pride</p> <p>6 全球耐药微生物控制 6 Global strategies to combat antimicrobial resistance</p> <p>10601 解释主要的耐药细菌种类和多重耐药细菌的定义 10601 Explain the main types and definition of multiple antimicrobial resistance</p> <p>10602 明确细菌的主要耐药机制及流行分布 10602 Describe the main mechanism of antimicrobial resistance and its epidemic distribution</p> <p>10603 了解细菌耐药的现状及对现代医学及经济、社会发展带来的影响 10603 Understand the current situation of bacterial resistance and its influence on the development of modern medicine, economy and society</p> <p>10604 了解我国与世界各国对遏制细菌耐药采取的行动和努力 10604 Understand the actions and efforts of China and other countries around the world have taken to curb antimicrobial resistance</p> <p>20601 分析和应用减少和遏制细菌耐药方法和策略和针对感染性疾病的快速诊断方法和快速药敏技术 20601 Analyze and apply methods and strategies for reducing and containing bacterial resistance, rapid diagnostic methods for infectious diseases and rapid drug sensitivity techniques</p> <p>20602 了解新的抗菌药物、治疗方法和指南和专家共识 20602 Understand new antimicrobial agents, treatments guidelines and expert consensus</p> <p>30601 理解遏制细菌耐药的重要性和迫切性，能从人类命运共同体的角度思考遏制微生物耐药对全球健康的意义 30601 Understand the importance and urgency of curbing bacterial resistance and be able to think about the significance of curbing microbial resistance to global health from the perspective of a community with a shared future for mankind</p> <p>7 慢病与全球健康 7 Non-communicable diseases and global health policy</p> <p>10701 分析慢病在全球化趋势下对全球健康的影响 10701 Analyze the impact of chronic diseases on global health in the context of globalization</p> <p>10702 描述影响慢病的主要因素 10702 Describe the main factors affecting chronic disease</p>
--	--

<p>10703 了解未来慢病防控面临的挑战和慢病防控的基本方法和策略</p> <p>10703 Understand the challenges and basic methods and strategies for prevention and control of chronic disease in the future</p> <p>20701 明确全球慢病防控的基本思路</p> <p>20701 Understand with the basic ideas of global chronic disease prevention and control</p> <p>20702 认识慢病防控在全球健康中的地位及影响</p> <p>20702 Understand the status and impact of chronic disease prevention and control in global health</p> <p>30701 掌握慢病疾病负担的基本测算数字以及慢病防控的必要性,从全球健康的角度思考慢性病的防控措施以及慢病防控对全球健康的意义</p> <p>30701 Grasp the basic estimates of the burden of chronic diseases and the necessity of prevention and control of chronic diseases, and think about the prevention and control measures of chronic diseases from the perspective of global health and the significance of prevention and control of chronic diseases to global health</p> <p>8 全球妇女健康</p> <p>8 Global maternal health</p> <p>10801 解释生殖健康的定义、内涵和特点</p> <p>10801 Explain the definition, connotation and characteristics of reproductive health</p> <p>10802 分析妇女保健工作的重要性和存在问题</p> <p>10802 Analyze the importance and problems of women's health care</p> <p>10803 认识国际妇女保健工作的组织机构、工作现状</p> <p>10803 Understand the organization and status of international women's health care</p> <p>10804 描述环境因素和妇女健康的关系</p> <p>10804 Describe the relationship between environmental factors and women's health</p> <p>20801 明确妇女保健工作的系统管理和妇女保健的预防和科普工作</p> <p>20801 Describe the systematic management of women's health care and the prevention and popularization of women's health care</p> <p>30801 通过讨论妇女保健工作掌握科学思维;了解我国妇女发展纲要和我国妇女保健工作取得的巨大成就,增强爱国的精神</p> <p>30801 Master scientific thinking by discuss women care in the world; understand the program for the development of Women in China and the great achievements made in women's health care in China, and strengthen students' patriotic spirit</p> <p>9 全球儿童健康</p> <p>9 Global child health</p> <p>10901 分析不同年龄阶段儿童保健工作的特点和儿童保健工作的重要性和存在问题</p> <p>10901 Analyze the characteristics of children's health care at different age and the importance and problems of child health care</p>
--

<p>10902 明确社会发展给儿童保健工作带来的挑战</p> <p>10902 Describe the challenges of social development in child health care</p> <p>10903 了解遗传与环境因素对儿童发展的影响</p> <p>10903 To understand the influence of genetic and environmental factors on child development.</p> <p>20901 阐述儿童早期发展的规律</p> <p>20901 Explain the rules of early childhood development (physical and psychological development)</p> <p>20902 分析儿童健康危险行为的形成模式和预防控制策略</p> <p>20902 Analyze the formation patterns and prevention and control strategies of children's health risk behaviors</p> <p>30901 通过了解出生缺陷综合防治工作，掌握创新性的科研思维</p> <p>30901 Master innovative scientific thinking by understanding the comprehensive prevention and control of birth defects</p> <p>30902 了解中国通过免疫接种，提前实现了联合国千年发展目标中的相关目标，增强爱国的精神</p> <p>30902 Understand that China has achieved the relevant goals of the UN Millennium Development Goals ahead of schedule through immunization, and strengthen the patriotic spirit</p> <p>10 老龄化与全球健康</p> <p>10 Aging and global health</p> <p>11001 阐述老龄化与健康全球战略和行动计划战略目标、老龄价值卫生服务的维度和连续整合照护体系的关键点</p> <p>11001 Explain the strategic objectives of the global strategy and plan of Action on aging and Health, the dimensions of the value of health services for aging</p> <p>11002 明确健康老龄化及优先重点</p> <p>11002 Describe the key points of the continuous integration of the care system</p> <p>11003 认识老龄化对全球健康和医疗照护体系的挑战</p> <p>11003 Understand healthy aging and its priorities, and understand the challenges of aging to the global health and medical care system</p> <p>21001 明确老龄服务策略规划的构建流程</p> <p>21001 Describe the construction process of strategic planning for aging service</p> <p>21002 了解生命全程路径管理的意义。</p> <p>21002 Understand the significance of life path management.</p> <p>31001 分析老龄化和全球健康机遇和挑战，全球行动计划战略目标，能从全球视野角度理解老龄化生命全程路径管理的理念</p> <p>31001 Analyze opportunities and challenges of aging and global health, the strategic goals of the global action plan, and understand the concept of the whole path management of aging from a global perspective</p>
--

	<p>31002 了解老龄价值服务体系的优先重点选择,增加应对老龄化的责任感和使命感</p> <p>31002 Understand the priority choice of the aging value service system, and increase the sense of responsibility and mission to deal with aging</p> <p>11 全球营养</p> <p>11 Nutrition and global health</p> <p>11101 解释营养学相关概念、特点、全球范围内主要存在的营养学问题及解决思路 and 全球营养学研究未来的发展趋势</p> <p>11101 Explain nutrition-related concepts and characteristics and the main nutrition problems in the global scope and their solutions and future trends in global nutrition research</p> <p>11102 明确全球范围内营养学主要研究内容和各类营养不良相关概念和特点</p> <p>11102 Describe the main research contents of nutrition worldwide and concepts and characteristics of various types of malnutrition</p> <p>11103 认识全球营养学的发展过程和目前全球亟待解决各类营养相关疾病其流行趋势</p> <p>11103 Understand the development of global nutrition and at present and the prevalence trend of various nutrition-related diseases in the world needs to be solved urgently</p> <p>21101 了解目前解决全球营养问题的角度和思维模式。</p> <p>21101 Understand the current perspectives and thinking patterns for solving global nutrition problems</p> <p>31101 了解我国现代营养学研究工作中取得的进展与成就,树立崇尚科学的辩证思维</p> <p>31101 Understand the progress and achievements made in research and work of modern nutrition in China, and establish scientific dialectical thinking</p> <p>12 全球食品安全</p> <p>12 Food safety and global health</p> <p>11201 解释全球范围内主要的食品卫生学问题、食品卫生学相关基本概念、特点及全球食品卫生学未来研究的发展趋势</p> <p>11201 Explain the major food hygiene issues in the global scope, the basic concepts and characteristics of food hygiene, and the development trend of global food hygiene research in the future</p> <p>11202 明确与全球食品卫生学相关的各类食源性致病因素其功能、特点和全球食品卫生学问题相关的应对措施</p> <p>11202 Describe the functions and characteristics of various foodborne pathogenic factors related to global food hygiene and the countermeasures related to global food hygiene problems</p>
--	--

	<p>11203 认识全球及我国食品卫生学的发展过程 11203 Understand the development process of food hygiene in China and the world</p> <p>21201 描述目前解决全球食品卫生学问题的角度和思维模式 21201 Describe current perspectives and thinking patterns of solving global food hygiene problems</p> <p>31201 了解食品卫生学的研究内容、研究方法与未来的研究趋势，联系多学科理论知识，针对改善全球食品卫生现状，提出有价值的营养科学问题 31201 Understand the research contents, research methods and future research trends of food hygiene, combining multidisciplinary theoretical knowledge and aiming at improving the current situation of global food hygiene, valuable nutrition science issues are put forward</p> <p>31202 了解全球食品卫生学发展历史，了解我国食品卫生学的发展历程及对全球食品卫生事业的重要贡献、取得的进展与成就，树立立足全球、助人类健康之完美的博爱之志 31202 Understand development history of global food hygiene, understand the development of food hygiene in China and its important contribution to global food health, progress and achievements, and establish a global foundation and perfect fraternity in helping human health</p> <p>13 环境与全球健康 13 Environment and global health</p> <p>11301 分析环境与健康的层级关系，环境变化的概念和内涵 11301 Analyze the hierarchical relationship between environment and health and the concept and connotation of environmental change</p> <p>11302 描述目前关于全球环境变化与人类健康研究的热点领域以及我国开展的与健康有关的全球环境治理措施 11302 Describe the current hot areas of research on global environmental change and human health and the global environmental governance measures related to health in China</p> <p>11303 认识全球气候变化、臭氧层损耗、生物多样性的丧失、土地荒漠化和干旱、环境和水污染、全球化等多方面给人类健康带来的影响 11303 Understand the impact of global climate change, depletion of the ozone layer, loss of biodiversity, desertification and drought, environmental and water pollution, and globalization on human health</p> <p>21301 明确环境对健康的作用方式、作用周期和作用范围的分解方法 21301 Describe the decomposition method of the mode, period and scope of environmental action on health</p> <p>21302 了解应对全球变化的主要措施及人类适应策略 21302 Understand the main measures to cope with global change and human adaptation strategies</p>
--	--

	<p>31301 通过了解环境变化与人类健康之间关系和影响,掌握保护环境科学决策的思维方式</p> <p>31301 Understand the relationship and impact of environmental changes and human health, master the thinking mode of scientific decision-making to protect the environment</p> <p>31302 通过分析环境变化对全球健康影响的案例,理解全健康理念、增强自觉保护环境、人与自然和谐共处的意识和责任感</p> <p>31302 Understand the concept of one health through analyzing the impact of environmental change on global health, and enhance the awareness and responsibility of consciously protecting the environment and harmonious coexistence between man and nature</p> <p>14 全球精神健康</p> <p>14 Global Mental Health</p> <p>11401 阐述主要精神卫生问题(精神障碍、物质滥用、自杀)的基本概念、特点和应对方法</p> <p>11401 Explain the basic concepts, characteristics and coping strategies of major mental health problems (mental disorders, substance abuse, suicide)</p> <p>11402 明确影响精神卫生问题的生物、心理、社会因素和我国在改善精神卫生服务方面的相关举措与政策</p> <p>11402 Describe the biological, psychological and social factors that influence mental health problems and measures and policies for improving mental health services in China</p> <p>11403 了解主要精神卫生问题(精神障碍、物质滥用、自杀)发生率的全球现状,心理卫生服务资源全球分布的不平衡和 WHO 精神行动计划(2013-2030)</p> <p>11403 Understand the global status of the incidence of major mental health problems (mental disorders, substance abuse, suicide) and the imbalance in the global distribution of mental health service resources, as well as WHO Mental Health Action Plan (2013-2030)</p> <p>21401 明确精神卫生服务体系建设(建设全社会共同参与的精神健康服务模式)</p> <p>21401 Describe the construction of mental health service system (to build the mental health service model with the participation of the whole society)</p> <p>21402 认识精神卫生问题的预防和科普工作</p> <p>21402 Understand the prevention and popularization of mental health problems</p> <p>31401 分析在不同经济、文化、社会发展水平地区建立精神卫生服务体系,了解精神健康政策与立法制定中体现的科学思维,了解我国在促进心理健康方面的举措和对于全球精神卫生事业的重大贡献,增强民族和文化自信</p> <p>31401 Analyze the establishment of mental health service systems in regions with different levels of economic, cultural and social development, understand the</p>
--	--

	<p>scientific thinking reflected in the formulation of mental health policies and legislation; understand measures to promote mental health in China and its significant contribution to the global mental health, and strengthen national and cultural self-confidence</p> <p>15 全球健康治理</p> <p>15 Global health governance</p> <p>11501 阐述全球健康治理的概念与核心要素和新时期全球健康治理的重要性、特点和存在的问题</p> <p>11501 Explain the concept and core elements of global health governance and the importance, characteristics and existing problems of global health governance in the new era</p> <p>11502 明确全球化对人类健康的影响、全球健康治理的发展历程和全球健康治理的参与者及其相互关系</p> <p>11502 Describe the impact of globalization on human health and the development process of global health governance and participants in global health governance and their interrelationships</p> <p>11503 认识全健康治理的背景及相关学科和全球健康治理中卫生外交及卫生安全的战略作用</p> <p>11503 Understand the background of holistic health governance and related disciplines and the strategic role of health diplomacy and health security in global health governance</p> <p>21501 明确全球健康治理体系中各类角色的作用与管理体制、开发与协调各合作伙伴的技能与规则和全球健康治理的国际法律体系及其作用</p> <p>21501 Describe yourself with the role and management system of various actors in the global health governance system, develop and coordinate the skills and rules of various partners and the international legal system of global health governance and its role</p> <p>31501 讨论并理解新时期各合作伙伴关系的协调作用,提升对全球健康在处理各国发展援助效果中体现的科学思维</p> <p>31501 Discuss and understand the coordinating role of various partnerships in the new era and enhance scientific thinking on global health in dealing with the effects of development assistance in various countries</p> <p>31502 了解我国全球健康治理的发展历程,熟悉我国在全球健康治理中取得的新进展与成就,树立为人类健康命运共同体作贡献的志向</p> <p>31502 Understand the development course of China's global health governance, be familiar with the new progress and achievements in global health governance in China, and establish the ambition to contribute to a community of human health with a shared future</p>

教学内容进度 安排及对应课 程目标 (Class Schedule & Requirements & Course Objectives)	第一章 Chapter One	全球健 康导论 Introduction of global health	10101, 10102, 10103, 10104, 20101, 20102	2	讲授教学 Lecture	思考题 Questions	30101, 30102	课程目标 1, 2, 3 Course Objectives 1, 2, 3
	第二章 Chapter Two	全球健 康研究 方法 Global health research method s: burden of disease	10201, 10202, 10203, 20201, 20202	2	讲授教学 Lecture	思考题 Questions	30201, 30202	课程目标 1, 2, 3 Course Objectives 1, 2, 3
	第三章 Chapter Three	现场流 行病学 方法: 监测与 控制 Field epidem iology method s: surveill ance and control	10301, 10302, 10303, 10304, 20301, 20302	2	讲授教学 Lecture	思考题 Questions	30301, 30302	课程目标 1, 2, 3 Course Objectives 1, 2, 3

第四章 Chapter Four	全球热带医学与热带病控制策略 Global tropical medicine and tropical disease control	10401, 10402, 10403, 20401, 20402	2	讲授教学 Lecture	思考题 Questions	30401, 30402	课程目标 1, 3 Course Objectives 1, 3
第五章 Chapter Five	全球突发传染性疾病 Global emerging infectious diseases	10501, 10502, 10503, 20501, 20502	2	讲授教学 Lecture	思考题 Questions	30501, 30502, 30503	课程目标 1, 3 Course Objectives 1, 3
第六章 Chapter Six	全球耐药微生物控制策略 Global strategies to combat antimicrobial resistance	10601, 10602, 10603, 10604, 20601, 20602	2	讲授教学 Lecture	思考题 Questions	30601	课程目标 1, 3 Course Objectives 1, 3
第七章 Chapter Seven	慢病与全球健康 Non-	10701, 10702, 10703, 20701, 20702	2	讲授教学 Lecture	思考题 Questions	30701	课程目标 1, 3 Course Objectives 1, 3

		commu nicable disease s and global health policy						
	第八 章 Chapt er Eight	全球妇 女健康 Global matern al health	10801, 10802, 10803, 10804, 20801	2	讲授教学 Lecture	思考题 Questions	30801	课程目标 1, 3 Course Objectives 1, 3
	第九 章 Chapt er Nine	全球儿 童健康 Global child health	10901, 10902, 10903, 20901, 20902	2	讲授教学 Lecture	思考题 Questions	30901, 30902	课程目标 1, 3 Course Objectives 1, 3
	第十 章 Chapt er Ten	老龄化 与全球 健康 Aging and global health	11001, 11002, 11003, 21001, 21002	2	讲授教学 Lecture	思考题 Questions	31001, 31002	课程目标 1, 3 Course Objectives 1, 3
	第十 一 章 Chapt er Eleve n	全球营 养 Nutriti on and global health	11101, 11102, 11103, 21101	2	讲授教学 Lecture	思考题 Questions	31101	课程目标 1, 3 Course Objectives 1, 3
	第十 二 章 Chapt er Twelv e	全球食 品安全 Food safety and global health	11201, 11202, 11203, 21201	2	讲授教学 Lecture	思考题 Questions	31201, 31202	课程目标 1, 3 Course Objectives 1, 3

	第十三章 Chapt er Thirte en	环境与 全球健 康 Enviro nment and global health	11301, 11302, 11303, 21301, 2 21302		讲授教学 Lecture	思考题 Questions	31301, 31302	课程目标 1, 3 Course Objectives 1, 3
	第十四章 Chapt er Fourt een	全球精 神健康 Global Mental Health	11401, 11402, 11403, 21401, 2 21402		讲授教学 Lecture	思考题 Questions	31401	课程目标 1, 3 Course Objectives 1, 3
	第十五章 Chapt er Fiftee n	全球健 康治理 Global health govern ance	11501, 11502, 11503, 21501 2		讲授教学、 课堂研讨 Lecture and seminar	思考题 Questions	31501, 31502	课程目标 1, 2, 3 Course Objectives 1, 2, 3
	<p>注1：建议按照教学周学时编排，以便自动生成教学日历。</p> <p>注2：相应章节的课程思政融入点根据实际情况填写。</p> <p>Note 1: It is suggested to arrange the teaching schedule according to the teaching week, so as to automatically generate the teaching calendar.</p> <p>Note 2: The ethical and political integration points in corresponding chapters shall be filled in according to the actual situation.</p>							
	考核方式 (Grading)	<p>(1) 平时作业 20 分</p> <p>(2) 课程项目及讲座 30 分</p> <p>(3) 期末考试 50 分</p> <p>根据实际情况可能调整以及安排形成性评价。</p> <p>(1) 20 points for daily homework</p> <p>(2) 30 points for the course project</p> <p>(3) 50 points in the final exam</p> <p>The formative assessment may be adjusted and arranged according to the actual situation.</p>						
	教材或参考资 料 (Textbooks & Other Materials)	全球健康概论，人民卫生出版社						
	其它 (More)							

备注 (Notes)	<p>备注：上述授课内容顺序安排会根据实际情况进行调整，所列学习目标内容多于教学内容进度安排及对应课程目标的表格中的内容，未涉及部分不列入考试范围。</p> <p>1,2 开头的学习目标为基本理论知识和技能目标。</p> <p>3 开头的学习目标为基本素养培养。授课举例因教师不同而异。</p> <p>Notes: The order of the above teaching contents will be adjusted according to the actual situation. The contents of learning objectives listed are more than those learning objectives in the table of Class Schedule & Requirements & Course Objectives. The parts which are not involved will not be included in the scope of examination.</p> <p>The learning objectives with the beginning of 1,2 are the basic theoretical knowledge and skill goal.</p> <p>The learning objectives with the beginning of 3 are to cultivate the attitude. Teaching examples are varying from teacher to teacher.</p>
